Caring for Children BTEC Introductory Level 1 Curriculum Map: Year 10

LESSON ACTIVITIES

End of Unit Assessment

AUTUMN TERM

> Unit A2: Developing a **Personal Progression Plan**

A- Explore the skills and behaviours needed to meet personal progression goal.

B- Produce a progression plan to meet intended progression goal.

Students will

- Learn about the benefits and purpose of developing a progression
- Find out about progression opportunities
- Set a progression goal
- Identifying the skills and behaviours needed to meet progression goal.
- Review their own skills and behaviours against progression goal.
- Create a progression plan

Students will be asked to attend a progression interview with their tutor to discuss the next step in their learning.

They will create their progression plan based on what they learned through the unit.

SPRING TERM

LESSON ACTIVITIES

Students will

- Learn the importance of good foundations in numeracy for children.
- See the ways to encourage children's numeracy (concepts involved all aspects of daily life, selfawareness...)
- Select an activity that is specific to children's needs and abilities and stage of development.
- Set an activity that is challenging and extends children's numeracy skills.
- Promote a positive experience.

- Plan an activity to support children's numeracy.
- Carry out and communicate an activity to promote children's numeracy

LEARNING AIMS

Unit CFC9: Providing an activity to support children's numeracy

SUMMER TERM
