## King's Trust Curriculum Map: Year 10

**Digital Skills** 

**Community Impact Project** 

The aim of the unit is to enable learners to consider the needs of their community and how the community can be supported. Learners will plan and carry out a project to support a chosen community through direct or indirect support.

AUTUMN TERM

- Understand e-safety
- 2. Understand appropriate online behaviours
- 3. Understand uses of digital tools
- 4. Review own digital skills and identify areas for development

This unit aims to support learners' use of digital technology to enhance their communication, problem solving and employability skills, as well as their use of social media in a safe and informed way.

Community is considered to be; their local or school community

- . Understand the needs of their wider community and how they can be met
- Be able to plan and take part in a community project
- 3. Be able to review the community project

SPRING TERM

SUMMER TERM

Preparing for the world of work

- .. Understand the value of work
- Understand the world of work
- 3. Understand the knowledge, skills and attributes that are valued in the workplace

The aim of the unit is for the learner to start to prepare for the world. It is an opportunity to explore different ways of working, legal considerations and rights in the workplace and what the learner might expect or work. It is also an opportunity to consider suitable employment for the future.
