Autumn Term #4 - 13/11/2026

IMPORTANT DATES

THURS 19TH NOV

PROVISION KS5 PARENTS EVENING

3.30 - 6.30pm

This in an ONLINE event

Bookings on SchoolCloud are now closed. Please contact the school office if you need further assistance.

READ, TALK, LISTEN

After reading, encourage casual conversation rather than formal questions. You might chat while walking, during dinner, or on the way to school. Talking about books away from the text helps young people process ideas and shows that reading fits naturally into everyday life.

NEWS HEADLINES

London Youth Games Celebration Evening

Just before half term, a number of our student athletes were invited to attend the LYG Celebration Evening, that recognises the sporting talent, achievements and commitment of young people across the borough. It was a wonderful opportunity to showcase the talent we have here at Glebe and recognise our students' involvement in sport.

The evening was made particularly special by the presence of former Glebe student Nehemiah Dick, who has gone on to become a successful para-athlete, competing in shot put. Nehemiah shared his journey since leaving Glebe, speaking about his experiences and achievements. Hearing about his progress was truly inspiring for our students and provided a fantastic example of what can be achieved through perseverance and hard work.

Our students had the opportunity to meet and chat with Nehemiah throughout the evening, as well as having their photographs taken with the Mayor of Bromley. They were a real credit to the school, demonstrating exceptional behaviour and representing Glebe brilliantly. A fantastic occasion and a memorable experience for everyone involved.

YEAR 7

Our Year 7 students enjoyed an action-packed day at Frylands Scout Centre on the last day of half-term, taking on a range of outdoor challenges and adventure activities. From team-building exercises to testing their balance skills, everyone embraced the opportunity to try something new, showing fantastic teamwork and enthusiasm throughout the day. The Frylands staff praised their exemplary behaviour and engagement, well done!

Students have had a very positive start to the second half of the Autumn Term, following school routines and positively engaging in activities in and out of class as well as interventions.

In RE Year 7 have been exploring Hindu beliefs about the Trimurti, learning how Brahma, Vishnu and Shiva represent three important aspects of the divine: creation, preservation and transformation. Through engaging visual resources and tasks, students have developed their understanding of the different roles of these deities and how they relate to Hindu beliefs.

Congratulations to **Angel F and Isa,** our Student of the Week award winners!

YEAR 8

In Science, Year 8 have been learning about light and shadows and made shadow puppets. They also investigated which materials reflect light the best.

A big well done to **Caitlin and Emily** for the fantastic support they have shown in caring for Blue and Stitch, our school rabbits. They have been incredibly responsible when handling and looking after them. As well as learning all the important jobs involved in rabbit care, they have also been wonderful role models, helping Year 7 students learn routines and develop confidence around the animals. Their kindness, patience and willingness to support others have been truly amazing, and they should be very proud of all they have achieved.

YEAR 9

Year 9 have been learning about Día de los Muertos (Day of the Dead), a Mexican festival that celebrates and remembers loved ones who have passed away. Students have made some fantastic contributions during lessons, developing their knowledge and critical thinking skills by comparing the festival with similar celebrations from different cultures. It has been wonderful to see students sharing ideas, making connections and exploring how different cultures remember and celebrate those who are no longer with us.

Congratulations to our Students of the Week, **Lola**, who has been recognised for consistently demonstrating all five of our Glebe values, and **Alfie M,** who has been recognised for his continued progress and positive approach to learning. Well done both!

YEAR 10

Just before half term, Liam, Finn, Jaiden, Hamza and Leland attended the London Youth Games Celebration Evening, a wonderful opportunity to celebrate the achievements of some of our student athletes. Students also enjoyed the chance to have their photographs taken with the Mayor of Bromley and meet former Glebe student Nehemiah Dick, a British para-athlete. Their behaviour was exceptional throughout, and everyone thoroughly enjoyed the activities, including bowling and table tennis, as well as the buffet!

A huge well done to Mrs Chambers' Year 10 maths group, who received a wonderful report highlighting what a polite, hardworking and tenacious group of students they are. Mrs Chambers described teaching them as the highlight of her day. Their positive attitude, resilience and commitment to learning are a credit to themselves and our school community. Keep up the fantastic work!

Year 10 Annual Reviews have now begun. Please look out for emails and paperwork to ensure you have the opportunity to contribute to the review process and arrange an appointment. Your input is invaluable in helping us plan effectively for the next stages of your child's education and preparation for adulthood. Thank you for your continued support.

YEAR 11

Year 11 have had a busy and productive week as students have begun their mock examinations. Students have been learning about the format and expectations of formal examinations, and we are very proud of how well they have engaged with the process.

In Science, students have been exploring the digestive system and completing their GCSE required practicals, carrying out food tests for sugar, starch, protein and lipids.

As we enter the second half of this term, we would like to emphasise the importance of excellent attendance. Every school day counts, and we encourage all students to attend every day until the Christmas break. This is a crucial time for completing coursework, consolidating knowledge and learning essential content in preparation for their summer examinations. Thank you for your continued support!

PROVISION

KS4 Horticulturists have cleared the vegetable patches ready for their first planting project!

In KS3 students finished off their animals unit by making bird houses and nests from found objects. They then celebrated bonfire night by making rockets!

Sixth Form students have been thinking about the future carrying on their Talk the Talk projects from transition week and thinking about what they would share in an interview.
