- A reminder to please let your Transport know if your child is not travelling home with them due to clubs or other activities on any given day.
- As the weather is so variable at the moment, please make sure your child has a coat with them, even if the start of the day is warm - the temperature can drop very quickly.
- We are delighted to announce that Shamilah Martin and Mona Farah have both been re-appointed as parent trustees for a further four-year term. We would like to extend our thanks to them both for their ongoing commitment and support to the school and wish them well for their next term of office.

Please help us to re-accredit with NOS 2023-2024

We are a National Online Safety Certified School,

but we need your help to stay that way! Please make sure you sign up and complete one of these two courses, depending on your child's age (they're quick and informative!)

Sign up [HERE](#) if you haven't already, then:

Make a Space for Reading

- 📖 Create a comfortable, consistent space in your home where you can enjoy reading together and chat about what you have read.
- 📖 You might want to keep extra cushions or blankets nearby, to create a warm, inviting atmosphere.
- 📖 Check that the lighting is suitable for reading, so no one is straining their eyes.
- 📖 If you make it a place where food and drink are welcome, then this signals that reading can be a social activity.

NEWS HEADLINES

➤ An incredible poem written by Katie W (year 10) for Remembrance Day is available on our website. [CLICK HERE](#) to watch it!

➤ Well done to Year 11's for managing their mocks so maturely. One week down, one more week to go! Mock results will be sent out at the end of term.

➤ A recording of last week's E-Safety webinar is available on our website if you were unable to make it on the day.

Please take the time to watch it if you can as it contains a lot of helpful advice for parents. [CLICK HERE](#) to watch.

YEAR 11

Students continue to enjoy their time at Bromley College on a Friday morning and the new level of responsibility that it brings.

Well done to Bradley H and Camron R who have both received student of the week award since returning after half term!

In other news; congratulations to 11B form tutor Miss Bromfield, who plays for Bromley FC Women. They beat AFC Porchester 3-2 in a tense match, scoring a winning goal in the dying minutes of the game. This win has secured them a place in the second round of the Women's FA Cup. We wait to see who they will take on on Sunday 26th November. Good Luck!

YEAR 8

Year 8 have been piloting a new education program in tutor time called 'Votes for Kids' which looks at current/ relevant topics going on in the world, facilitating a general understanding of the issues. Students then cast a vote on the topic, which can be compared to votes from other schools across the country.

A number of the year group represented to school at an U14 football tournament, representing themselves and the school in an excellent manner. Well done!

PROVISION

KS3/4

As part of their Life Skills programme, students have been completing tasks related to managing a home - from tidying and making the bed to choosing the right products for dusting.

Each week students practice and build on these skills for increased confidence and independence.

KS5

As part of Sixth Form's Enrichment programme, a group of students visited Joy's Kitchen community cafe to see what it takes to be a volunteer. Students had a tour of the premises, ordered drinks and practiced finding items and prices using the menu. After Christmas, students will have the opportunity to volunteer at the cafe - pop in and have a cup of tea!

YEAR 10

Year 10 boys took part in an U16 football tournament at Long Lane (a competitive event with multiple schools) where our two teams came 1st and 2nd, a fantastic result! Special mention to Alex for his performance between the sticks (that's the goal for non-footie folk), and also Andreas and Mouadh for their tenacity on the pitch.

Year 10 have also been working hard in English, producing a range of work to mark Remembrance Day. Katie W's poem was read out in assembly and is available to watch (see page 1).

YEAR 7

7W have worked extremely hard on their Numeracy task over the last two weeks and have been learning to give relevant answers. Well done!

Year 9

Year 9 students have finished their first rotation in the technologies (DT/FT/IT/Textiles). Classes will now switch to the next subject in their rotation. Well done to Ronnie and Tolu for their outstanding work in Textiles, and Mrs Martin highlighted Charley, Kieran and Jack's achievements in FT this term.

In tutor time students have been working on their numeracy project, collecting leaves from nature and measuring them.

A special mention to 9M and 9K who collaborated on 'Debate Monday' to discuss current affairs.

In Geography they are learning about volcanoes in the Ring of Fire; Mr Crabbe was truly impressed with the models they built in the Quad!
