Putting on a Show Lockdown Project

Task 1: Social Media Advertising

Social media is a great way to advertise your play. It is low cost and can reach thousands of people in a very short space of time.

Using your research create a Facebook or Instagram advert for your show. How are you going to attract people's attention?

Use the example to help you.

Then to test yourself create a twitter advert using only 140 characters.

Task 2: Press night

Press night is one of the most important nights in a shows run. It can make or break it as the press will tell future audiences whether it is worth the money to go and watch. I have seen some amazing plays that have had awful reviews but equally seen some plays that had amazing reviews and were really boring.

Imagine you are now a reporter for a newspaper who has come to watch your first show. Fill in the sheets below to review your work. Make sure to add in all the detail you would want future audiences to know before they visit.
